

Biocidin®TS

THROAT SPRAY

BROAD-SPECTRUM BOTANICALS FOR
MAINTAINING HEALTHY RESPIRATION*

AVAILABLE IN 30 ML SPRAY

Think there is no way to naturally support healthy immune function as we move back into the world? Think again! Research shows there are natural therapies that have a rapid effect on immune activity when we first need them to strengthen our defenses.

Biocidin®TS is an easy-to-use throat spray that contains our broad-spectrum, proprietary blend of 17 herbs and essential oils. A human clinical trial (the gold standard in science) shows a 66% increase in sIgA in only 60 minutes following use of Biocidin®TS.¹ sIgA is an antibody that plays a powerful role in immune health.

Convenient for taking with you on the go, Biocidin®TS throat spray empowers you with a clinically proven way to promote a healthy immune response, giving your body the support it needs to do its best work.*

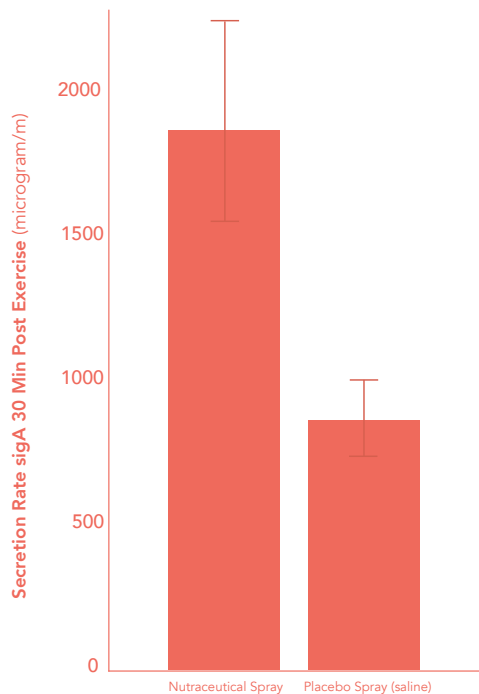

Figure 1: Log of Secretory IgA sec by treatment.

Single-blind, placebo-controlled, independent study using Biocidin® with athletes showed 66% increase in sIgA immune response in 60 minutes.
